Please find enclosed an amended FIGURE 7B.

### **REMARKS**

Applicant has reviewed the Notice To File Corrected Application Papers dated August 3, 2007. A copy of the Notice is enclosed. Applicant hereby requests further examination and reconsideration of the application in view of the following remarks.

#### ***Drawings***

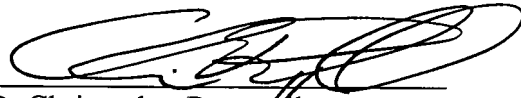

Correction of the drawing figure 7B, to correct the indication by the Office of Patent Publication (Mr. Dale G. Olson), made in the Notice dated August 3, 2007, that the "character of the lines, numbers and letters is poor", has been made and is submitted with this Response. The enclosed drawing figure (FIGURE 7B) is labeled in the top margin with "Replacement Sheet", in compliance with 37 CFR 1.121, and is intended to replace the existing FIGURE 7B. Therefore, it is believed that the amendment corrects the issue presented in the Notice and that the amendment meets the requirements of 37 CFR 1.121. If this is not the case, the Applicant respectfully requests that the Office of Patent Publication state with specificity the deficiencies which need to be addressed.

## CONCLUSION

In light of the forgoing and in combination with the Transmittal and Issue Fee, issuance of the application is earnestly solicited. Accordingly, notification to that effect is earnestly requested. In the event that issues arise in the application which may readily be resolved via telephone, the Examiner is kindly invited to telephone the prosecuting attorney, identified below, at (410) 347-8754 to facilitate prosecution of the application.
